by Tamera Alexander

Minneapolis, MN—Critics have taken notice of *Rekindled*—it has earned a coveted Starred Review from *Library Journal*, was chosen as a *Romantic Times* Top Pick, and has been called “gripping” and “a masterful blend of captivating story and technical excellence.” This unique and compelling love story—set in Colorado Territory in 1868—is sure to continue to charm readers and bring them back for more from this talented author.

Ten years ago Kathryn Jennings made a vow. For better or worse. When her husband fails to return home one stormy winter night, she struggles to keep their ranch, but her efforts are blocked at every turn. After a shocking glimpse into her husband’s past, Kathryn uncovers a hidden truth. What she wouldn’t give to turn back time and be able to love her husband for the man that he was, not for the man she always wanted him to be.

Larson Jennings has spent his entire life running from a broken past, unable to trust, reluctant to try again. One fateful night, his life takes an unexpected twist, and soon he is forced to make a choice. Whatever he chooses, his decision may cost him his life.

At a different time, in a different place, under different circumstances... could two people fall in love once again?
